

**NUTRIENT MANAGEMENT (CSP Enhancements)**  
**Colorado Enhancement Activity Job Sheet N-8**

**February 2005**

**Name:**

**Use of Chaff Spreaders to Allow for Improved Nutrient and Herbicide Placement**

Payment = \$0.50 / Acre / Year to use chaff spreaders to improve nutrient and herbicide placement in the field. The payment applies only to those acres harvested using chaff spreader attachment on combine(s).

Chaff spreaders include any attachments to the combine that will evenly distribute chaff over the harvested swath. These attachments can be factory or aftermarket designs as long as the overall goal of chaff spreading is accomplished.

**Documentation Required:** Farmer or crop consultant certification of appropriate chaff distribution. Use the following Table for documentation. An example is provided.

Tract & Field #s or Name	Acres	Crop Grown
T123 Field 3,8	256	Winter Wheat
Smith Fields 1,2,3	480	Winter Wheat

**Use of Chaff Spreaders to Improve Crop Nutrient Placement Certification**

**I certify that I have used a chaff spreader on the fields and crops listed above.**
